Dear Colleagues,

LaGuardia Community College comes together at the eleventh annual **President's Publication Reception** to formally recognize and celebrate the many accomplishments of our distinguished faculty and staff. Today we also take this opportunity to induct and honor LaGuardia's Emeriti Professors, whose past contributions to the College through their teaching, scholarship and service are the foundation of our innovative and successful educational institution.

Scholarship at LaGuardia is central to our community, one where the pursuit of knowledge is honored and nurtured. Your work to advance knowledge and understanding in your discipline is essential to our students and to the lifeblood of our college. Your research, and your publications or display of your art form, enriches all of us.

LaGuardia's faculty and staff have once again achieved phenomenal scholarly success over the past year. Your ability to share intellectual wisdom through meaningful scholarship is a testament to your commitment and dedication to your area of expertise, our students and this institution. Your extraordinary work enhances our stature and reputation in the world of higher education.

We are especially grateful to our retiring faculty, and as a symbol of our deep appreciation for their significant contributions to LaGuardia, we confer the designation of Emeritus. I speak for the entire LaGuardia community in hoping they will remain part of the LaGuardia family and continue to bring their intelligence, creativity and passion to our community.

My congratulations to each and every one of you for your most recent accomplishments. The College salutes your achievement and looks forward to your future endeavors.

Sincerely
